FEATURES

- Light weight stacking chair, stacks 6 chairs high free standing, 10 high on dolly.
- The Ari shell is ergonomically designed, contouring to the sitter's body offering back support and a waterfall front seat edge design to alleviate pressure from the back of the thighs.
- Seat and back shell are made of injection molded polypropylene, with 8 UV resistant colors to choose from.
- Seat is equipped with a center hole to prevent liquid stagnation.
- The durable 4 leg frame is chrome plated and made of tubular steel 0.7" (18 mm) in diameter, with black glides.
- The sled base frame is made of 0.4" (11 mm) steel rod chrome plated with white glides.
- Stacking caps come standard on both models to prevent scratching of seat.
- Testing information available upon request.

OPTIONS

- Polypropylene shells are available in 8 UV resistant colors: Black, Gray, White, Red, Green, Orange, Brown and Blue
- Dolly with large casters for stacking.

SIMPLE YET ELEGANT

The Ari is characterized by simple lines and great practicality. A rainbow of UV resistant colors allow Ari to steal the show in vibrant and punching orange and green, or set a calm serene environment with brown and gray. The Ari is a perfect solution for versatile spaces which need to be continuously rearranged.
